**Andrew Paulmeno**

Andrew Paulmeno is cofounder and CEO of Hoplynk, which connects field systems and enables operators to control them through AI. Previously, as Head of Product for Project Maven, he supported military AI deployment across multiple combatant commands during the Ukraine War. He also served as a senior advisor to the director of the U.S. Office of Personnel Management and on the White House Super Intelligence Task Force. A former Marine Corps officer, he is a venture partner at APL Ventures and holds a BS from the U.S. Naval Academy, an MS from Columbia Engineering, and an MBA from Stanford University.
